

Annual Symposium on Early Texas Art
Session Proposal Form

Submit via email: casetanews@gmail.com

Please submit one form per session/speaker proposal (unless suggesting a panel or other multi-speaker format).

You may use this form to propose a fully formed session- including topic and speaker suggestions- or simply to propose a specific speaker OR session topic of interest. All ideas are welcome and appreciated.

Please note that the Symposium Committee will take all suggestions into consideration and will then make selections to ensure a well balanced symposium program. Suggestions not utilized this year will be forwarded to next year's committee for consideration. All speakers will be required to utilize power point or a similar visual aid during their presentation.

Sessions generally run 40-45 minutes followed by 10-15 of Q&A.

PROPOSAL SUBMITTED BY: _____
